Typhona. 3 July 1815

Rev^d and Dear Sir, Com. Oct. 14/16

I have had the pleasure of receiving a letter from you by the Brig Trial Captain Howel bearing date August 18th 1814. in which you mention having sent some Magazines and Volumes of the Church Missionary Register which are not come to hand. Some loose copies of the Register for the Months of March, April, May, June and July 1814 - have been forwarded to us by Mr. Marsden. I hope you will always direct our parcels to the care of the Rev^d Mr. Cooper Sydney, and any thing that we may think more useful in the Colony of New South Wales than here I shall not fail to return it. The Society's Library is safe and in good condition.

Mr. Marsden informs me you are going to send us a Clergyman, and adds that he has instructions from the Committee to send out more settlers from New South Wales. We have

I am sorry to say already too many settlers of the latter description and as soon as their services can possibly be dispensed with they must return to their home. I hope some truly pious characters will be sent out by the Society, Men who will be willing to drop every idea of self interest and lay themselves out for the real good of the settlement and to promote those important objects with which it is immediately connected. Worldly minded men have not patience enough to bear the rude behaviour of the uncultivated heathen. A Clergyman will be a great acquisition.

I am sorry to say that I and Mr. Will cannot agree in our opinions. He did not tell the Committee the whole of his mind when he came out. In many of his proceedings his private interests preponderate in his estimation. He says he has cleared three hundred pounds per annum at New South Wales. This is a great temptation for him to return further again. I am pleading with him as well as I can.
