Mr. Hall has built a house for himself a few
miles distant from me. Mr. King will have one next
which will be built near me. I hope I shall then
be enabled to get forward with my house and
school room. Mr. Musden has sent a Carpenter
who will remain here until our houses are
completed. It would not be prudent for Mr. Hall
to leave Mrs. Hall alone. I am happy to say
that I and my colleagues live generally upon
friendly terms with each other. I hope I shall
profit by your letter and do all I can to
promote peace, altho' I must not disguise
the truth that I have long despaired of
being able to act altogether in Christian
concert with them, ^{as a body} Our views are very different
on this however as it may, it is my duty to
do all I can, We watch and pray lest I myself
should be wrong, we have a subtle enemy
always at hand!
