

Jan. 29/14

we humbly hope, however, that it is but for a time
and that we shall finally meet again in a brighter
world. We feel ourselves happy too in the
contemplation, that the prayers of the Faithful
will ascend in behalf of ourselves & our children
that we may be divinely instructed, and qualified
for the work that lies before us: so that we may
have the high and distinguished honor through the
 blessing of the Lord ~~and~~ through the
instrumentality of the Society to proclaim as
soon as it may be practicable the news of the
approaching Gospel to a class of our fellow creatures
who are at present lost in ignorance, and know
not the way of Salvation. And am, Rev. & Dear Sir

Outifully & faithfully Yours
Thos. Kendall
