I have received a letter signed by six  
Clergymen at Bristol, namely, The Rev<sup>d</sup> G. M. W.  
J. Carter, W. Day, H. Bevan, Edw. Colston, & J. D. W.  
recommending to my notice a youth whose  
name is Rich<sup>d</sup> Stockwell. Captain Mitchell  
has put him under my care as a servant  
and he is now released from confinement  
the whole of the Day. I am happy to  
learn that this youth, has conducted himself  
well ever since he was a prisoner, which  
I believe is now nearly two Years. He  
used to be one of the principal singers  
when he was on board the Hulk at  
Woolwich during the time of Divine  
Service. He appears to have been piously  
educated & brought up, and I am told  
by some sick persons who lie in the  
Hospital, and who also manifest  
a real concern for their own eternal

knees to return thanks to Almighty  
God for this partial alleviation of  
his sufferings.

thro' the influence of the Honble Comm.  
& his Lady I believe mine has been  
promoted on board of this Ship. The Cap  
has at my request desired the Comm.  
to desist from singing obscene, lewd  
songs. I intend, as soon as I prudently  
can, to write a letter to him on the  
great importance of Public Worship. being

House of the Lord. I pray that you may be  
as renowned for sending out Missionaries as you  
are for your liberality in supporting them. And that  
their servants may see no other glory than that  
of their Lord.

If I am gone when the parcel shall arrive at  
Portsmouth the Comm. will return it to you if you
