one of the Priests living in my House. ~~They~~
 They have acquired a certain Degree of Knowledge
 by joining in Family worship, attending constantly
 upon public worship, and by conversing with
 them upon Divine Subjects. Their minds are
 prepared for further Instruction - I have enclosed
 a few Sheets of the New Zealand Plan which
 was sent me a few days ago. Ship loads of
 this Plan may be got at New Zealand wh.
 it be valuable - will you have the goodness
 to request some Gentlemen of the Society to
 ascertain its value. I have sent it, as I received
 it. I think it would be turned to some good
 Account - and might also find Employment
 for the natives to collect it. Present my respectful
 Compliments to the Society - wishing that
 all their labors may be blessed -

I am
 Dr. Sir your obed. humb. Servt
