

11.18/14

will send L<sup>td</sup> and the proposal is - that  
the parties holding ~~the~~ the sum, shall retain  
legal interest, but that you and your friends  
shall manage the whole and take profit  
and loss. Mess<sup>r</sup> Hall of West. retaining  
the management of any concern to be established  
here - all therefore seem likely to agree - that  
the affairs should be prosecuted and entirely  
managed in your part of the world -

But you will hear more of  
this when we can speak more determinately,  
and I am sorry that such delay has arisen  
as to prevent me from speaking more fully  
by this opportunity - The papers have been  
long with Mr. Hartnall -

But if this scheme should  
not succeed, I am not without hopes that  
the proposed auxiliary Society may lead  
in the end <sup>to</sup> the establishment of a Society  
connected with our own Society -

I send herewith to Mr. Kendall  
a continuation of the numbers of the  
Supernary Register, so as to make up with  
what went before, 50 complete sets - to this  
time - I hope all will arrive safely - you  
will please to take what you may wish -  
lest however my former numbers should have  
miscarried I send you more to complete sets
