It may be necessary for me to acquaint you
with my intentions relative to the final Arrangement
and Settlement of the missionaries at New Zealand, for the
Information of the Society - I intend Mr Kendall to devote
the whole of his time to the Acquisition of the native
Language, and in educating the Children; and to depend upon
the Society for the supply of all his necessary wants -
He is now making considerable Progress in the Language.
I also intend Mr Galt should be employed in putting up
the necessary Buildings for all the missionaries, and
the Public School, for which purpose I must engage
one Carpenter and one Pair of Sawyers to assist him
till this work is done. He will also occasionally be employed
in collecting Timber to load the Schooner for her to bring
to Port Jackson - and in Agriculture. Mr King will
have to attend his Wax Dressing, and Shoe making for
I wish them all clearly to understand their respective Duties
and to interfere with one another as little as possible
as they will have no Head present to settle any little
Differences that might arise amongst them -
