

Rev. S. Marsden to J. Poynder, Esq. 58

Dear Sir
Loom. Mar. 13/15

Forwarded at 15/12
Rec. March 8/15, by the Seringapatam Whaler

I have but just time to drop you a line - you will hear from Mr. Pratt what we are doing in this part of the world - I have repeatedly mentioned the natives of New Zealand to you - and I trust the time is at hand when the Star in the East will appear unto these poor Heathens, and direct them to the happy Child Jesus - I am now surrounded with these noble people - who only want what you so richly enjoy, viz the means of grace. The snows from Heaven to fall about their hungry Guts - Consider Sir, only for a moment, what a state of bondage, Sir, & misery, all those of the human race must be, who are literally "without Hope and without God in the world" - you will readily admit all those upon whom the light of Christianity has never dawned must be in this state - I am doing all I can for New Zealand, and trust in the great Head of the Church for support, and blessing - I fear the Society will take alarm at the Expence - but this cannot be avoided at present - I do not feel warranted by the Society to do all I have, and am doing relative to the

49
mission - If they approve of any part, of my Conduct
I shall be thankful; and if they should fully enter into
my views, I shall have greater Cause to rejoice. But
Should they view this mission in a different light, and
not feel themselves authorised to give all that pecuniary
Aid it may require. this will not discourage me from
doing all I can, till I am convinced, I can do no more.
The Lord will provide the money that may be necessary
either here or in England - I have not as yet solicited any
Assistance here in the Colony, for Reasons, which I cannot
now explain - when I have visited New Zealand myself,
and viewed the different natural Productions I shall
then be able to judge, whether I shall want any
pecuniary Assistance, and how much - I think it more
than probable, that I shall not require much after
the first Establishment, but shall be able to import into
Port Jackson such Articles from the Island as will
go very far towards paying the Expence of the
Mission - I am now preparing the vessel for Sea
and will soon sail, unless I should be detained for
want of bread, as wheat is now very scarce, and
Dear - I shall refer you to Mr. Forrester, for further

Particulars - we are going on pretty well here upon the whole - many good Schools have been established since my return - I always entertain a strong Impression, that this Colony is destined by infinite wisdom to furnish missionaries to the Islands in these Seas, or at least to support, and protect them in their work - I have no doubt but we shall see some poor Convict engaged in this work, whose Heart the Lord will open - I now behold the Dawn of this

Event - I am happy to say, that I am well, and my Family excepting Mrs M. and she is much recovered from a Paralytic Stroke, which she had - She is lame, and has lost the use of one Arm -

The two Princesses you recommended to me I wish to mention, Brown turned out bad. Hitchcock very well. His wife is now with him - I got him exempted from all public labor, and he has behaved well, and I believe is doing well - Mrs M. writes with me in kind Remembrance to you, and Mrs Poynder and to Miss Brown, that there was -

I am
Yours affectionately
Saml Marsden

Mrs Poynder Esqr.
