

Wednesday May 10. This Day we were visited by the
 Chiefs Tappookee and Tana, who were concerned in the
 Destruction of the Boyde. They with ^{some of} their Dependants
 had been absent Five months ~~from here~~ upon a fighting
 excursion to a distant part of the Island and were
 now upon their return home. They were very hungry and
 were supplied with some Baskets of Potatoes from the
 Settlement. George ^(Tana) said, he had killed many of
 his Enemies but had not brought with ^{him} any of their
 heads. A little Boy about ten years of age was taken
 prisoner. Tappookee, Tana and their people conducted
 themselves in a quiet & peaceable manner during
 their stay with us. The Chiefs Kangooka, Shunghee
 and Tana were here at the time, and they all
 united in friendly converse, having dropped
 hostilities.

Sunday May 7. We were visited by Kangooka & Shunghee
 They had brought with them a plentiful supply of
 potatoes &c. Shunghee crept bitterly when he saluted me.
