Sir

There being now timber sufficient for every present purpose upon the settlement you can if you think proper select a day to be taken when the present one comes off the Pit for flooring for your House, and so on alternately until you have enough.

Altho' you have given me no answer to my letter of the 21st Instant, yet I still think it my duty to remind you that I and Mrs Wendall are sincerely desirous to drop all personal discord with you and Mr King. I cannot bear the thought of meeting in Public worship another Lords Day while there is any thing unpleasant remaining upon our minds that is calculated to offend the Supreme Object of our Devotions. I am Sir
Your Obedt. Serv
Mrs Wendall

Mr King
