that I live at a new settlement by myself
called the Bythargee it being the most eligible
and beneficial for a settlement. Mr Kendall
agreed to go there and indeed was the first proposer
of it, untill the Lawyers got robbed of their property
and then he would not go - I had had so much labour
in removing the Materials Timber &c that I could
not think of giving it up again - after I had removed
thither with my wife and family, there were a certain
party of Natives that were very friendly with me
but at the same time there are others that threaten
our lives - I have induced the Natives to do a great
deal of work with my assistance - I have only been
here four months and I have got two small patches
of wheat the one I have reaped and the other is
nearly ready - I have also got an excellent
