Recd and Dear Sir (Recd. June 21/16. by the Katherine, Capt. Graham

(Ans. Sep. 5/16. by the Sir Wm Bingley

I shall esteem it a favor if you will send me a stons Bell which will serve for the purpose of the school & calling the people to prayers upon the Sabbath Day. I could also wish to have the Portraits of Mr. Wilberforce, Mr. Woodd & two or three of the Heads of the Society as also of the King. These I could put up in a room which I intend to have fitted up for the Society's Library and to which all the Letters can have access. A few Prints containing Implements of the Bandry Business &c would be useful to show the natives.

You could send the Frames for the Postcard
I could procure the Glass at Port Jackson.

I am very much in want of some good
letter paper, I do not know what is
contained in the Stationary at Port Jackson.

I wish you would send me directions from
some Physician how to treat the venereal
disease - I have not yet heard of the
Medicines, Burns Justice, &c.

If the Active proceeds from hence to
obscure the sea Voyage you may
perhaps not hear from me for some time
I have it in contemplation if it pleases
God to show me within another Year to
purchase some articles out of my salary

which will be very useful in the settlement
 I think if a Journeyman comes out shortly
 he ought to be instructed a little in the
 art of Printing, perhaps I might be able
 to lend him some assistance. I should have
 no objection to contribute Thirty Pounds
 towards a small Printing Press
 if the Society would bear the cost.

I have directed some enquiry to be
 made after the house of my successor in
 Great Duke Street. I mean to make
 him a small present if he has suffered
 materially by his bargain.

Be pleased to enclose an order for
 two pounds in the letter addressed to Joseph
 Quickfall Kirmington Lincolnshire, & I
 will take care to repay it. And am

Believe I Dear Sir

Your faithful Servant
 M. H. H. H.
