Presqueville March 16-
1816

Dear Sir

(Ans^d June 7/17 by myself)

The enclosed Documents I wish
you to see & review to their being sent to
the Rev. G. Bunker, as the Gov^t of both
them, and your wife are interested in
them - I shall be glad if any measures can
be adopted to redress the Evils therein stated
I have taken all the steps in my power
in this Colony - The Walker, mentioned in
the Letter of our Supreme Judge, I understand
has been ordered Home to take his Trial. This
man committed many Acts of Fraud and
Appropriation at St. Helena, and being a man
at St. Helena. I lodged a Criminal Information
against him before our late Judge Advocate

5
And after the Propositions were taken, the Judge
recommended that he should be sent to England,
but the Governor did not approve of this Step,
and I have some Reason to think he will
not be sent Home now tho an order I know
has been sent for him from the Secretary of
State - Walker is still at large; and if such
giving wicked men are not punished I am
Very much afraid the most fatal Consequences
will follow - Such Characters would excite the
natives to any Acts of Violence against the
missionaries in these Islands, and have them
cut off thro Revenge - I must leave this
matter to the wisdom of your Committee
and hope their powerful Influence with
those in Authority, will be productive of
some ~~Effectual~~ Good -

I am
Dr Sir
yours truly
Saml Marsden

P.S. Be so good as to forward the Documents
and small Anatomical & Medical books to Mr
Brewster - I have sent you a few of those I have
had printed for Mr Kendall - He has done much
in so short a time - The matters which are not
addressed to any individual you will do with them
as you think proper - I have sent you the Sydney
Gazette as late, and as far back as I could procure
them - no complete set can be obtained in the
Colony - I have got you all I could -
