Church Miss<sup>n</sup> House London

June 7/17

My dear Sir

~~Sent, June 9/17, by Rev. Mr. [unclear]~~

I wrote to you fully the 5<sup>th</sup> & 12<sup>th</sup> of last September, by the Sir Wm Bunsby; which letters I hope you have by this time received.

We ~~have~~ since received 2 letters from you dated March 10/16 - 2 dated March 16/16 - one dated March 28/16 - one dated June 7/16 - and since then an advice of 4 Bills amounting together to £249 dated Nov<sup>r</sup> 17/14 - We have also heard from New Zealand, direct, as you will see by the enclosed letters.

We ~~had~~ sent Registers by the same opportunity up to August last, & we now send 56 of each of the subsequent months of last year, to complete the sets. We only send 12 of each month of this year; as we purpose, at the close of the year, to send several sets for the whole year bound; and we should be glad to know how many copies of the yearly volume bound, you could give <sup>with advantage</sup> to our cause. The Account of your visit to New Zealand, as published in the Nov<sup>r</sup> & Dec<sup>r</sup> Registers, has most warmly interested all our friends, & I trust called forth many prayers that the New Zealanders, <sup>may</sup> be taught the way of salvation.

You will observe also, by the Feb<sup>r</sup> Register,
