~~which you mentioned in your letter to the Revd~~
~~Dr Wood~~ the 3 Wigs which you
~~send by a Box with 3 Misses mentioned~~
 in a letter & Box containing to Mr Wood; &
 will take an early opportunity of ~~reading~~
 procuring & forwarding the Investment
 of which you have requested.

~~We have not now the means of sending what~~
~~you have requested in ^{the duplicate of} your letter dated Oct 14/75~~
~~and in your other letters but~~
~~hope to be able to send them by an early opportunity.~~

We are much interested in the full & detailed
 accounts which you have given, large extracts from
 which we shall be glad to publish when we are able.

It is a remarkable circum^{ce}, & shews the disposition
 of both parties, that the natives had have protected
 you ag^t the outrages of Capt^{ns} Parkers' Crew

It was truly painful to us to see that you
 were not acting in Christian concert together. You have
 however in your letter so well described the conduct
 which you ought to pursue, that we need not say
 any thing by way of advice. "He that will be great,
 let him be the servant," is our Master's direction, &
 if followed, it must lead to harmony & peace.

We shall write to Mr Hall & Mr King.
