If the children are clothed in part with European  
garment I think it may do. Warm clothing  
such as is used in charity schools in England  
is best. This is a cold rainy country in the  
winter. Thin Prints &c. are next to nothing.

Some coarse Towelling — Knives, spoons, a large  
Iron Pot will be necessary —

I wish you to conceal articles of trade which  
you may send from Port Jackson from the natives  
who may be on a visit there or on board  
the return.

And am. Bro<sup>d</sup> and Dear Sir,

Your faithful Serv<sup>t</sup>

Thos. Kendall

Rev. S. Marsden
