School List October 1816

The weather being generally fine and pleasant during the present month and the Natives of Ranghee Hoo busy in preparing the Grounds for the purpose of peautiry [?] sweet Potatoes, many Scholars have been occasionally absent. We have been also under the necessity of following several of our pupils into the Bush, where we have taught them their Lessons. We have promised to each Scholar a set of Beads as recourds [?] with a view to prevent them leaving the School house as little as possible. The children are to attend one month for the Beads __
