He at first appointed as manager or superintendent of the Institution a Mr. Kelly, who was not a member of the Established Church - and Mr. Gasfull to assist who also is a Dissenter - I shall be exceedingly happy to see any thing done for the poor natives - and should readily lend my Assistance in my Power, was I permitted to do so - I only mention this Circumstance to shew the Spirit of the times. Two of my Colleagues are members of the Committee for managing the Institution, one living 15 miles distant, and the other more than 20 miles - while I reside upon the Spot - I have been Treasurer and Principal Manager of the <sup>Female</sup> orphan Institution from its origin - The Governor nominated three Ladies as Patronesses to that Institution; and not one Clergyman's wife in the Colonies any thing to do with the Female Orphans. This is another public mark of his attention to the Clergy. I could enumerate many Instances were it necessary to shew, that uncommon appearances of Respect were not observed towards me; and such public marks to the contrary as could not escape the notice of the most ignorant. While at the same time great Professions are made of good will towards the missionary Societies, and those connected with them. Thro' the Help of God I have stood my Ground to this Day, and still hope to stand against all Opposition. At the same time I feel the necessity frequently to pray to be delivered from unreasonable, and wicked men.
