Samuel Marsden to CMS Secretary Josiah Pratt

Parramatta March 4th 1817

Rev^d & Dear Sir

Allow me to introduce to you two Chiefs of New Zealand, Tooi and Teeterree— I have no doubt but they will recommend themselves by their good Conduct to your kind Attentions, while they remain in England— They are very fine young men, and in temper, and other natural Parts very like their Countrymen in general— I think their Visit to London will be attended with great Good when they return— as they will be able to impart very fully to their Friends the views of the Society in sending Europeans to live amongst them

I am Rev^d Sir

Yours very sincerely,

Sam^l Marsden
