Bay of Islands March 5. 1818.

Com. (in Corce) July 13/19

Bro. and Dear Sir

Should you wish to send Stockwell
another voyage in the Arctic you can transmit
the enclosed to the Governor: but it may be necessary
to acquaint you that I do not want him any
more as a servant in my family. Mrs Kendall
is averse to taking any more persons into the
house of any kind. Should you get the New Zealand
Book printed be pleased to insert the letter
G in the first Alphabet. You will see when
the letters are placed regular, and when they
are placed designedly irregular. Let all the
other letters &c remain as they are — And am

Bro. and Dear Sir

Your faithful servant

Thos Kendall
