Rev. Samuel Marsden to Secretary

80

Parramatta N.S.W.

Dear Sir!

Comd of Cor. - Jan 1/19

1818

I have sent by this conveyance the Sydney Gazette, for near one year and our half. some copy books from New Zealand. I think Mr. Kendall has now more than thirty who write. There is also a coil of rope directed for you. I wish the Society to have it tried, and know its value. This rope was made at Parramatta by a servant of mine, and one young Chief who <sup>is</sup> learning rope-making. There is also a case with nails and some stone in it. directed for you at the missionary House under the care of Captain Hall. I fear many of the articles I send never arrive.
