

understand much yet, but I understand by and by
please the Lord. I pray Jesus every night teach
me read the Book. England beautiful country
every thing in England. I see with my own
eye the iron run down like water, I no believe
till I see it myself: my countryman cannot
believe it. Me and Tovi and M^r. Hall and
M^r. Palmer got a little coach and a candle and
go under ground side of a mountain quite
afraid the ground come down upon my head
see the men work get the iron stone to make
iron: then we went to Sunny Side see them
make very large iron pot quite astonished
the iron run down into the sand and make
iron pot almost big as the Missionary
prayer room. Then we went to the horse
Hay, see bar iron make; see large pair of
scissars to cut bar iron, and large hammer
five ton weight, all go by steam engine
see the large wheel go very fast, one mile
every minute. I go to Coal Port see the
China work, I make a cup and saucer
