Rev<sup>d</sup> and Dear Sir.

The Catherine being about to sail from the Bay, I must take my leave of you for this time, with my fervent prayers to Almighty God for his blessing upon the Society, and upon you and yours: and that he will enable you to carry on the duties of your distinguished situation; grant you health of body, peace of mind, and every needful spiritual and temporal blessing.

In contemplating the Departure of the Catherine for England, I can with difficulty explain to you the crowd of sensations which pass through my mind. Time passes swift with me.
