Rev. and Dear Sir,

I have just time to acquaint you that we have received no Report nor Missionary Register for the year 1816. I want also a Missionary Register bound in boards for 1814. & 1815.

Tell Mr. Lee that in writing the New Zealand Language, I have first fixed the sounds of the vowels, and then formed those sounds, with or without the consonants, into syllables and words, without paying regard to the English, or any other orthography. The Catechisms sent by the Catherine and the Rambler, especially the latter are written upon this principle.

I have written four Copies each of the above Catechisms which with studying them have taken up much of my time. I intend to send some remarks upon General Subjects at another opportunity.

I am Rev. and Dr. Sir

Your faithful Servant

Rev. J. Pratt

Thos. Kendall

I hope the whole of my orders will be sent -
