Sunday 13th June. We were at Anchor in Isthmus Bay. Van Diemens Land. Divine Service in Mr Hall's Cabin M & F. The passage up this Arm of the sea to Hobart Town is very delightful. Deep Bays, High Hills, covered with lofty trees form a most pleasing scene.

Monday 14th June, Hobart Town appeared ^{in sight} at 7 O.C. A.M. A Pilot came on board at 10th, and at 1st the ship came to an anchor in the Harbour. The little cultivated spots here & there, as we approached the town gave it a beautiful & picturesque appearance. We went on, ^{shortly} as convenient ^{waited} and on the Lieut. Governour, Sorell who received us very kindly. We remained at Hobart Town 8 days during which time we went into the adjacent country, ^{several times} and were very kindly entertained by several of the Inhabitants. On Friday morn^g we received a letter of invitation to Government House at two o'clock, we all went at the time appointed and were very graciously received by His Honour. after some conversation ^{with officers} and several gentlemen who were present we took some refreshments and returned.

Sunday, Divine Service in Mr Hall's cabin in the morn^g, in the afternoon went on shore to dine. I received a copy of Van Diemens Land, Auxiliary ^{Branch} Bible Society, which I beg leave to transmit, with the rest of my papers. It is a matter of sacred gratulation to see the Holy Scriptures spreading through every Land, to see the glorious Gospel enlightening every part of ^{the} habitable world.

Monday 21st June Our ship weighed anchor, and set sail for Port Jackson N.S. Wales, we had a very fine passage from Hobart Town to Sydney Cove, at which place we arrived on Saturday June 25th 1819 — all in good health. Blessed be the God and Father
