Friday 7 May  
Blowing a heavy gale of wind from the Northward  
passed by the Island of St. Pauls during the night. Emp.  
Toai & Teeteroo in the morning, but the Dead lights being put  
down as the gale increased, we had no school in the  
afternoon. Lat: 38-50 S. Long. 77-46 E

Saturday 8 May  
Light breezes and calm at times with rain. Employed as  
before. Teeteroo caught a Cape pigeon with a hook &  
line. Lat. 39-18 S. Long. 80-50 E

Sunday 9 May  
A small breeze right aft carrying us onward as well as  
we can wish. A little rain in the morning prevented us  
having Divine Service on the Quarter Deck. Mr Butler read  
prayers in our Cabin and a Sermon from 3 Proverbs 18-  
"Her ways are ways of pleasantness and all her paths are  
peace." In the Evening he also read prayers & a Sermon from  
the 48 Psalm 14. "For this God is our God for ever and ever"  
Captain Lamb and the Company attended, and others to fill our  
little Cabin. Visited the Hospital today with brother Butler.  
The rest of the day employed in religious duties. Toai  
& Teeteroo came voluntarily to say a Lesson.  
"Dear Lord Jesus Thou wast tempted Thyself and knowest how  
to pity and to help them who are tempted, stand by Thy poor  
poorhead, and defeat all the craft and policy of Satan  
those who are doing his work."  
Lat 39-30 S Long. 84-30 E

Monday 10 May  
A fair wind and plenty of it. we have run 200 Miles  
the last 24 hours. Employed with Toai & Teeteroo and the  
New Zealand Language — Toai's Eyes are got quite well.  
Lat: 39-42 S. Long. 88-40 E

Tuesday 11 May  
Blowing a gale of wind the whole day, and the dead  
lights being down we had a short lesson with Toai and  
Teeteroo by candle light. This day was served out Candles  
made of the fat skinned from the Coppers. and the fuel  
is nearly expended. But blessed be our Merciful God  
we are proceeding very swiftly to the place of our  
destination, where we expect to be in abt 3 weeks we have  
run 203 Miles the last 24 hours — Our Dear Sister Keriso  
has been less affected with this gale than the former ones.  
Lat. 39-26 S Long 93-10 E.
