London, Dec. 7/19.

Dear Sir

We are happy to be able to inform you, before Mr. & Mrs. Cowell & Mayree leave us, that we have received Letters informing us of the safe arrival of our friends by the Baring, at New South Wales, and that you meant to accompany them to New Zealand.

The Dispatches which have come to us are Mr. Butler's Journal from March 10 to July 10/19 & a Letter from him dated July 5/19.

Letters from you dated July 20, 22, 23

Mr. Hall's Journal from Feb. 25 to July 9 & a Letter from him dated July 14

Mr. Kemp's Journal from Dec. 15/18 to June 26/19 & a Letter from him dated July 12/19.

Letters from Foori & Teeterree.

We have not time now to make many observations on these Dispatches. We sincerely rejoice in the safe arrival of our friends; & we will thank you to inform them that we have received their Letters.

The affair respecting Walter Hall is very grievous, & will, we doubt not, shew you, as it shews us, the importance of not employing men of whose good principles there is not reasonable evidence.

and in all cases to have proper securities and receipts to guard against future contingencies.

We are very happy to find that your son is arrived and in good health & we shall have great pleasure in cultivating a friendship with him.

We are, Dear Sir,

Ever Affectionately yours,

(Signed) Josiah Pratt
