

We are concerned to find that Mrs Kemp suffered so much from sickness during the voyage. We hope, however, that a residence on Shore has, through the blessing of God, established her health, & that she is now diligently employed in attending on such duties as will best promote the objects of the Mission.

In your future Journals it will be only requisite to notice the more material occurrences that take place.

With our Christian regards to Mrs Kemp, and our prayers that the blessing of God may rest on your own souls & the labours in which you are engaged,

We are,

Your affectionate Friends,

(Signed) Josiah Pratt
Edw^d Bickersteth.
