

On Monday, could I have been needed to say  
 that any Man would be obliged to  
 receive upon my public Character -  
 nor may say what they think proper  
 of my religious Principles; but I cannot  
 suffer any man to charge me with  
 any disgraceful Behaviour as a Member  
 of Society - The Commissioner of Enquiry  
 is in full Possession of my Case; and  
 I cannot doubt, but he will do impar-  
 tial Justice to my Cause. He is a Gentleman  
 whose Sense of Honour and Truth is in my  
 Opinion very great. If I was not convinced  
 of this I should return by this Conveyance  
 being persuaded as I am; that no one  
 can justify my Suspensions in their Conduct  
 towards me - my return does not appear  
 so absolutely necessary at this moment
