

Commissioner. I hope in time the Storm
will abate - I wish no injury to my Accuser,
and want no more than to wipe away
the Stains from my moral Character.
You and my Friends will judge how far
I have vindicated myself from the Charges.
I have deemed it meet to send you Copies
of my Correspondence with the Commis-
sioner for the Information of Mr. Baxter &c
in order that they might know the
Particulars - I leave these Documents to
your wisdom - to make use of them or
not, as may be judged proper

I am
Dr Sir

Yours very faithfully

Samuel Marsden
