

It is the intention of Capt. Moore and myself to take a passage in her if we can make arrangements with the Master to go Jackson. I know nothing of the accommodations as I have not been on board.

The Master told me he should land his stores here until his return, if he went.

I wish before I finally agree with him, to know whether you will or will not leave New Zealand in the Dragon if a passage is procured for you and your family.

I am

Yours &c Sir

Your most Obedient Servant

signed Samuel Marsden

Yours &c Mr. Kendall.
