Dear Sirs

I have to request that each of you will furnish me with a list of Articles you have drawn from the Society's Store from the period of the Rev. J. Kendall's return about two years ago to the present time and to what purposes those Articles have been applied, as the Society have directed me to enquire into the whole concerns of the Mission and report upon them I cannot say any thing relative to the Expenditure of the Stores until I am furnished with the above list

I am yours

Obedient Servant
