Dear Brethren

Previous to my depar-  
-ture I have taken the liberty  
to address a few lines to you. I feel  
justified in saying some have mingled  
amongst the heathen and have learnt  
their ways - Such abominations as  
have been committed as decency  
forbids me to mention. When  
fleshly lusts have obtained the  
dominion by which the body is  
defiled spiritual sins will obtain  
very easily dominion over the soul  
Envy pride hatred malice evil  
surmisings and every Devilish  
disposition will reign in the  
heart and will break forth on  
every occasion in bitterness in evil  
speaking in slandering and back
