Dear Sirs

I have maturely considered
the subject relative to your Salaries,
and I do not feel myself authorized
to increase them, without first obtain-
ing the Sanction of the Committee
at home. The expences of the mission
have been so very enormous & the oil
allowance together with the intended
increase would amount to £100 per
annum more than the allowance which
hath been hitherto sanctioned by
the Society

I am

Dear Sirs

Your most Obed^t. Servant
