When Enakhee observed Shungee's Son with the  
Flag advancing towards his camp, he sent  
out his eldest Son Supee with a spear in one hand  
and a tomahawk in the other, to show that  
that he would come to no parley - When  
Charles & the chief came within gun shot  
Enakhee fired and shot the Chief thro the  
head - when he fell - Charles and his little  
Party now turned and ran to their own  
Camp - Shungee was looking thro his glass  
and saw the Chief fall - Shungee's Son cried  
much, and the whole army sat down and mourned

his coat of Mail on and his sword, but no Gun  
his helmet also, and Regimental coat - Shungee  
put both his Arms under his coat of Mail  
to show Enakhee that he came peaceably, and that  
he wished to come to some terms of reconciliation  
with him - Enakhee was dressed in English Regimentals  
When Shungee advanced he took off his helmet  
made a bow & saluted Enakhee - Enakhee turned  
on one side, and spurned his compliment - Shungee  
said he did not wish to fight, Enakhee said he was

King George as you may see by my War mat  
(or coat of mail) my sword and helmet Enakhee
