

The affairs of the Mission had been in for so long a time - The Rev^d J. Kendall and family Mr. Lovell and family were all on board without any unpleasant differences with the natives - I now felt much pleasure in the prospect of a speedy return to my family and people, and being very weary with various toils and anxieties both of Body and mind, I longed for a little rest, and retired to my Cabin with much thankfulness and comfort - I had cause to be thankful for continued good health during the period I had been in New Zealand, as I had not lost one day - I was not well when I left N^s Wales, but I found myself better, and able to undergo much fatigue I also was happy to see that there was every prospect of success in the Mission and felt confident that the Rev^d J. Williams either by precept or example or by both, would be able to rectify many evils when I was gone - The removal of the Rev^d Mr. Kendall and Mr. Lovell will also prove a great benefit to the Mission and I doubt not but God will prosper the work yet and raise up a seed in this benighted land to serve him -
