

700
showed me, ^{where} he had been struck three times
with a ball. His helmet saved him once
and his coat of Mail once, and ^a ball had
hit his thigh - ^{after} dinner I accompanied
the Rev^d H. Williams to his station where I
remained for the night. [Oct 9] This day
I spent with the Rev^d H. Williams - I am
happy to see him go on so well. He and
his family are now comfortably settled,
and are happy in their new situation.
I think they will prove a great blessing
to the Mission - He is a Man of a superior
character, and better informed than any
who have hitherto been employed in this
Mission. I hope he will be able to correct
and remedy in time many evils that
have existed, and also to set an example
to the rest what they as Missionaries should

do. [Oct 10] This morning I left the Rev^d H.
Williams and proceeded to Mongamuel
where Mr J. Butler is stationed about 14
miles distant - On my arrival there
I met with the Rev^d J. Butler & Mr. M.
Hall - We fixed upon the place where the
new House is to stand - Most of the ma-
terials are on the spot - It is an excellent
station in every respect, provided those em-
ployed will do their duty - In the
Evening I returned to Pranghee Ho
with Mr. Hall where we arrived before
nine o'clock - I had not visited
Pranghee Ho since the Shipwreck -
