Rev^d Sir,

①

Having communicated to the Rev^d Basil Woodd, my inclination to offer myself to the consideration of the Committee of the Society for Missions to Africa and the East; provided I can learn, that I am calculated to render them any assistance, in preparing the way for the introduction of the Gospel into one of the Islands of New Zealand; and, having been directed by him to apply to you in his name, should I wish to consult farther about the Business, before he comes to Town which will be in November, I therefore take the liberty to request an interview with you when it is convenient; in order that we may converse upon the Subject.

As the Business is of importance, involving
the best Interests and Credit of the Society with
my own; a Christian and a friendly freedom
may be used in the necessary enquiry respecting
the requisite qualifications. And am. Rev. Sir

Your very obed^t Servant
Thos. Kendall.
