

Nov. 21/08

I think it most proper to go to Carlisle now, and settle all
business and return to Hull immediately, to spend the remainder
of my time under further instructions, and in readiness to embrace
the next opportunity that may offer. Mrs. Mardon is arrived in
Hull and she and all friends are well,

I am yours,

Sincerely,

Wm. Hall

P.S. I you will please at the receipt of this, to drop me a few lines
to Carlisle, to the care of Mr. Farwell, and let me know
whether my Tools may be sent to London now or not,
and how I must direct them
