Sat<sup>y</sup> morning

My dear Sir

I wrote & sent a letter to you by our Messenger which he left (with a bound Volume of the Reports of the Missionary Society for your Library presented by our Directors to your Committee) at your Missionary House in Salisbury Square but as I have received no Answer to my request of M<sup>r</sup> Marsden's Letter I presume you may not have called at the House & therefore have not yet [f] received my Note. May I beg the Favor of your transmitting me M<sup>r</sup> Marsden's Letter to which he refers us for the Information which he had not time to copy for our use as the Committee of our Taheitan Mission to meet on an early Day to make their Report previous to the Sailing of the Hebe by which Ship we must of course reply to the Letters we have received.

I remain dear Sir

Very truly yrs

S.W. Tracy
