I took the liberty of writing to you on the 18th of August last, (mentioning an application I had made in 1814) and offering my services for New Zealand. — Obedient to your favour of the 30th Aug.^r I had an interview with you on the 5th Sep.^r — You gave me little, or no encouragement. — I left you with the determination, that if it pleased the Lord to permit, I would make myself acquainted with the two new systems of Education, if peradventure you should be pleased to send me, after I had done so. I acknowledge it is perfectly right that you should be very cautious whom you employ in this most important business; and to be very careful that JESUS is enthroned in each heart, which alone, I apprehend, can enable the Missionary

Dec 27/17 To bear up with patience and resignation against
the contradiction of sinners, and the difficulties and
dangers which must be expected in such an enter-
-prise. I was unsuccessful in my application
in Baldwin's Gardens for permission to learn the Madras
system, although I had a certificate from The Rev.
Mr. Crosby. I stated to them exactly the case in
which I stood. The answer I received was —
That I could not be admitted without producing
my appointment — That they permitted no one
to learn their system on speculation.

I met however, with a very kind reception from
Mr. Millar Secy. of the British and Foreign School
Society, who gave me immediate admission to
learn the plan practised at their establishment.
I have attended there some times, and I enclose
a copy of Mr. Pickton, the Superintendants certificate
of my having done so. I also enclose copy of The
Rev. Mr. Crosbys Certificate, together with The Rev.
Mr. Hendricks Letter during Mr. Crosbys indisposition
You was kind enough to permit me the
privilege of calling upon you, and I should have
done so now, in preference to a Letter, but have

a proposition to make somewhat different ^{to} those I submitted to you on the 18 of August, and I thought it best to do it in writing, in order that you may, if you think fit, lay the same before the Committee.

The proposition is this — That in the event of your taking me into the Service I wish to be engaged in, I will cause Twenty Pounds p. Annum to be paid into the funds of your Society, out of the income of some property which I have in Yorkshire. — All that I shall want from you, with respect to pecuniary matters, will be, wherewithal to get a little food and raiment. I have no secular object in view.

I do love the Lord Jesus Christ, because He hath loved me with an everlasting love, and with loving kindness hath He drawn me — And I am anxious that the Heathen should love Him also; and I am willing to leave a country that I love, and do what I can, looking to

Jehovah Jesus

for strength, and wisdom, and for the blessing, and giving Him all the glory, for He is worthy.

Dec 27/17

The blessed Bible promises that Jesus shall have the Heathen for His inheritance, and I believe the time is at hand.

I will take the liberty of waiting upon you soon ^(if the Lord will) if you wish me to call at any particular time (I know you are engaged on Wednesday Evenings) please to favor me with a line by the twopenny post w^{ch} shall be duly attended to

With prayers for your success in the noble work you are engaged in — I remain
for Jesus Christ's sake

Your most obed^t Serv^t
W. Hall
