Rev. Sir

I am almost sorry, that the Committee of the Church Missionary Society, should have thought it necessary to thank me, for my attention to their interesting New Zealand. but I take this opportunity of assuring you, that if in any way, my professional services can promote the beneficent purposes of your Institution, I shall always be most happy to afford them, and beg that they may not be spared.

Believe me Rev. Sir

most faithfully yours,

S. Cleverly
