My Dear Sir,

It is with feelings of great
regret. I now tell you I am obliged to de-
-cid upon remaining till next summer
For several days. I had so much con-
sidered my affairs in a train for being
settled. That we had packed up almost
all our things - in full expectation of
being with you before this time. but the
Lord has ordered it otherwise, no doubt
for a wise purpose - and as we are
constrained to remain for some months
longer - it is my wish, as my time will

not be wholly occupied to employ it
during that period in acquiring such
information as you may point out
to me - for the benefit of the Mission

I am Dear Sir
Yours truly

Henry Williams
