

If you approve of Mr Kendall, executing their
commission, let me hear from you, any
other officers of the Society not accompanying them.

My dear Friend — Am. Dec. 11/20

The regard, which I feel
to the Ch. Miss^{rs}, dictates this letter —
I have spent this day with the New
Zealanders, & am truly concerned to
state that they are quite dissatisfied
with the presents the Society have appro-
priated for them — You must consider
that these men are of high importance
in their country, & men of very quick
sensibility as to the attention paid
to them — They draw comparisons
between the presents made to Toi &
Teteoee & themselves, & feel themselves
injured by the inferiority of their
presents —
